United States Informatics Olympiad in Teams (USIOT)

2025–2026 Official Contest Schedule

The USA Informatics Olympiad in Teams (USIOT) for the 2025–2026 season will be conducted in four online preliminary rounds, followed by the National Finals and the IIOT International Finals.

Preliminary Rounds

- Round 1: Monday, November 10, 2025
- Round 2: Tuesday, December 9, 2025
- Round 3: Wednesday, January 14, 2026
- Round 4: Thursday, February 12, 2026

Each round will be held online and will follow the official USIOT rules and format.

National Finals

The National Finals shall be held in March 2026 at a designated in-person venue in Connecticut. The USIOT will determine which teams are online or in-person based on distance from the contest venue. Invitations to participate shall be extended to teams based on cumulative performance in the Preliminary Rounds. Specific dates and location shall be communicated no later than 30 days prior to the event.

IIOT International Finals

The IIOT International Finals shall be conducted in May 2026. The team representing the United States shall be determined based on results from the National Finals. Specific dates and locations shall be announced before the National Finals.

General Provisions

1. All participants are expected to adhere strictly to the USIOT Code of Conduct.
2. Failure to comply with participation requirements or contest rules may result in disqualification.
3. The USIOT National Committee reserves the right to modify dates, logistics, financial details, and venues as necessary, with official notice provided to all registered teams.
